

**SNA President on Jean Chatzky XM Satellite
Radio Program, "Oprah and Friends,"
April 18, 2008**

Special Needs Alliance (SNA) President Andrew Hook was a guest on Jean Chatzky's XM Satellite Radio program on Oprah and Friends Radio channel 156 on April 18, 2008. Chatzky, TODAY Show Financial Editor, interviewed Hook regarding the importance of long-term financial planning for the parents of children with special needs. The interview aired on X

"Special needs planning involves more than a Special Needs Trust," says Hook, a Virginia attorney with the firm Oast & Hook. "It is a planning process to protect a person with a disability. While information can be helpful, these complex issues require a planner with extensive experience and good judgment, and I feel that is an important message to convey to a broad audience."
